THE CONTROLLER BAY.

gash national loved in Abaka and the support or mushroom order. Tampine Then to Lick letter, and mend their fertures with the mone; non company, and does not know as for as this country is converned. anything about the Controller buy proposition. In fact Mr. Tatt, in vigprous, straightforward and some main feature of the special message by the phrase, "a wheked tabrication," used in puriting the quicker on the one Calonel Theodoro Rossevoit, Mr. Tatt's predecessor, would probably have used a alightly stronger selection of words. Mr. Rossevelt, for its stance, instead of saying "a wicked the and care fess. fabrication would have said 'a maticlous falseimod."

COUNTY PAIRS.

The importance of the county lair in building up the whole territory cannot be overestimated. It stimulates an interest in the produce of Had be fixed in the days of Corventethe various methods, which in turn server a doubly conful purpose

It is creditable to the counties of New Mexico, in the north, cast, much and west, that the enterprise and make possible so many excellent expositions. In the extreme morth Calfax county is planning a tair of no mean proportions. The "kingdom of evidences of the great prosperity send tine would's of resources of that we tion. In the Mesilia valles they will cylebrate what has been one of the which will be strengthened by exhouse from El acc, which city has adisplaned the ofer of a lair this year and will co-sperate with the manage m enstern New Mexico have arranged all sections of the practices. These thirty with all be held at such time as that the exhibits may be sent to At businerque for the territorial fair.

Augmented by the combined wealth of material from the various coun grammer to relieve anything ever be fore gathered together. The avaluation last interest in the county and territering fairs will no doubt show steels in a greater prosperity for the coming THREE

THE LORD AND THE LADY.

The elimination of the important of the house of lards in the dirities political system will promptly can-Do voty great amount of regret to the everage American, but there is a pertain class in our population that indesclopment will strike yors much a a calamity. We refer to that class of opulent villages, majning of the "non venu riche," who are willing to podown immense sums of makes to en able their daughters to marry Britis littles. These international marriages while they have occasionally turned out well, have, as a rule, been prolifts of scandal and disappointments. The rich American girls, or rather their anybitions parents, sought titles and the social prestige which they be Heved went with such basines, and were willing to risk hyppiness and a good American gold to secure the out cted prime, only to find it turn to
